# How to link icons on the web page?

You can link various icons from the fontawesome website, where you can pick icons instead of images since they load fast and take less space than images.

Steps to follow:

1) Go to this link - https://fontawesome.com/ and click on start.

3) Enter your email for starting with a free kit and confirm your font awesome account email address.

4) Now click on your kits.
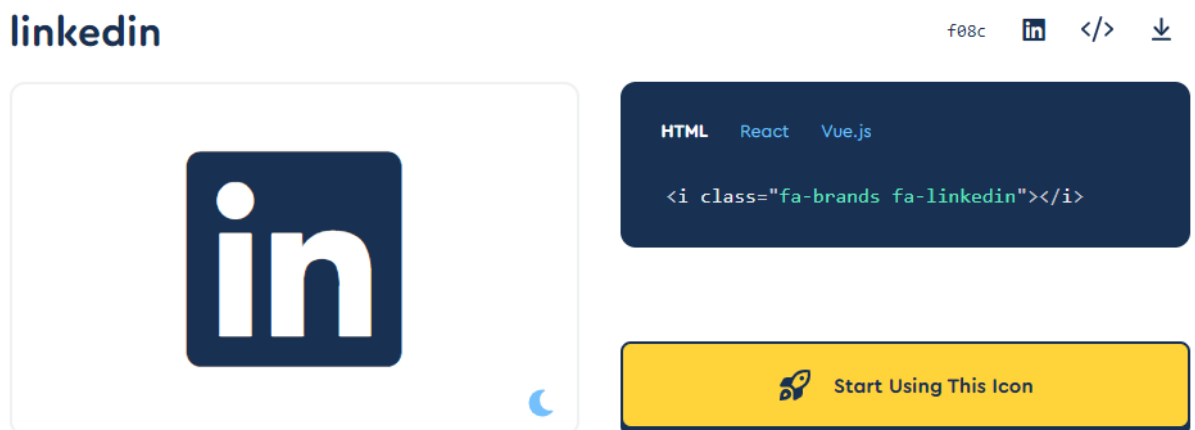

5) Now add your kit's code into the <head> section in the HTML file.

6) Now search for the icons over there and add this code to your file like below.
<i class="fa-brands fa-linkedin"></i>

7) Now you can add style to the icon as CSS classes to an HTML <i> tag.
